This is an optional design layout for the blocks available.

The empty blocks are for the other designers blocks as they are released. There is one spare block in this layout for you to personalise with your own design/story or label.

I have included the appliqué tulip design & circle template for use if you are making up this design.

A limited number of small fabric kits for this design will be available if you wish to make this version.

Fabric for background of the designer blocks & background for “my quilt” version appliqué blocks will be available separately. Alternatively use your own fabrics.
